

TL PUMP SET OIL

SAE GRADE : 40

Performance level : API CD

These oils are specially formulated for the engine oil requirement of agricultural pump sets. This oil is blended from high viscosity index base oils and selected additives, which provides detergency, dispersancy, oxidation stability, anti wear and anti corrosion properties. These type of oils are very low Cost of maintenance and also increase life of pump set.

Application: Recommended for agricultural pump sets operating on HSD or LDO.

1	Grade	TL PUMP SET OIL 40
2	Density @29.5°C @ 100 °C	0.88
3	K.V. cSt	14 to 15
4	VI Point, °C	95
5	Flash Point, °C	225
6	Pour	-9
7	TBN	-5

Note: The above mentioned data are typical and it may vary with batch to batch within Permissible specification limits.
