

## **TL SUPER HDD ENGINE OIL**

**DIESEL ENGINE OIL** : COMMERCIAL VEHICLES

**SAE GRADE** : 15W-40

**PERFORMANCE LEVEL** : API CI-4

TL SUPER HD diesel engine oil meets API CI-4 / SL performance level designed for most severe performance requirements of new generation diesel engines for on & off highway operations. It provides outstanding protection against high temperature engine deposits, oil degradation, and control on soot-induced thickening, corrosive wear and valve-train wear. It meets the performance level of ACEA E7, MB 228.3, Volvo VDS 3 and Cummins CES 20076, 20077 & 20078. It can also effectively lubricate engines requiring API CH4, CG4 & CF 4 service category lubricants. It can be used in all applications with diesel fuel with sulphur content up to 0.05% wt. These oils are especially effective where Exhaust Gas Recirculation (EGR) is deployed.

Sr. No	Grade	TL SUPER HD DIESEL OIL 15W-40
1	KV.cst @40°C	120
2	KV.cst @100°C	15
3	VI	140
4	Flash Point ,°C	210
5	Pour Point ,°C	-21
6	Density	0.88
7	TBN	10

**Note** : The Above mentioned data are typical and it may vary with batch to batch within permissible specification limits.
